

## **Knightdale Welcomes You— *Living At Its Best!***

Welcome to Knightdale! Several years ago, Knightdale adopted as its motto “Living at its Best.” Since then, that motto has become more and more appropriate for our town. Long thought of as an interim location, between where you were and where you want to be, Knightdale has matured into a destination of its very own. The opening of the Highway 64 By-Pass and I-540 have made us more convenient and easily accessible to and from all parts of the Triangle Region than ever before. Knightdale has transformed itself into an attractive place to live, work, play, shop, learn, raise a family, retire or just visit again and again. Our convenient location, just six miles east of downtown Raleigh, the state capital, offers the best of both worlds: large city amenities with major sports, museums and arts, recreation areas for fishing, boating, and watersports, and a sense of close-knit community that can only be found in a small town. Here you’ll find a central location for peaceful living and easily accessible and convenient access to the state’s most important metropolitan centers and its beaches and mountains. Opportunities are endless!

The “About Knightdale” part of our website is designed to introduce you to Knightdale. Please take a look at our Chamber Membership Directory. This Directory describes a community of enthusiastic, friendly people and a business community that is progressive and eager to serve your needs. Whether you are a newcomer, visitor, or longtime resident, we know you’ll find our Chamber Directory and Community Guide informative and entertaining. When making your business decisions, we hope you will support the members and advertisers listed on our website. As Chamber members, they are at the core of every success we enjoy.

The Knightdale Chamber of Commerce is proud to serve the businesses and people who live and work in and around Knightdale. Our future is bright and we want you to be a part of it. We welcome you to join us in making Knightdale not only living at its best, but also the Best Place to Live . . . and do business.
